HTML	React, Redux	Java, Spring Boot	Relational Databases
CSS	Vue, Nuxt 3	C#, Dot Net Core 3	Docker
JQuery	Bootstrap	NodeJS, Fastify	GitHub, GitLab
Figma	Material UI, Vuetify		BackLog, Trello
Typescript	Sass		

PROFESSIONAL EXPERIENCE

Coding Crafting Consulting Co.ltd   **Jan 2024 - Dec 2024**
Full Stack Web Developer   **Saen Suk, Chonburi (Onsite - Work Eligibility in Thailand)**

Proficient Full Stack Web Developer experienced in utilizing Node.js with Fastify and Vue 3 with Nuxt 3 to develop robust and scalable web applications. Skilled in leveraging these technologies to deliver high-quality solutions that meet client needs and exceed expectations.
Design custom icons using Adobe Illustrator and animating icons using Adobe After Effects and Lottie animation.

Freelancer, Remote   **Jun 2023 - Dec 2023**
Full Stack Web Developer

As a freelancer, I specialized in developing APIs using .NET Core and C#, as well as Java with Spring Boot. Additionally, I excelled in building frontend interfaces using React with Redux, Vue.js, Nuxt.js, and Vuetify. My versatile skill set enabled me to deliver tailored solutions to meet clients' specific needs, ensuring seamless integration and exceptional user experiences.

ACE Data Systems Co.ltd
Junior Software Engineer

<div align="right">

Jun 2022 - May 2023
Yangon, Myanmar (Onsite)

</div>

- Achieved significant performance improvements in the Job Agency Office Automation System as a junior software engineer. Optimized database queries, identified and resolved bugs, and implemented new features, resulting in a 30% increase in system efficiency and improved user experience. Received recognition for outstanding contributions to the project's success.

- Successfully contributed to the completion of a hands-on project during an internship, collaborating with team members and making significant contributions to the development process. Demonstrated ability to deliver results in a real-world, professional environment and received positive feedback from mentors and peers.
